17/02/2010 11:47:00 - Please look at people in Delmas 65, Ruelle HENNEC, Impasse BOYER, we need WATER AND FOOD. Thank you for your advance.

13/02/2010 - 04:55:00 - My name is Bill Manassero and we have mission called Child Hope International (childhope.org) in the Delmas 75 region of Port-au-Prince. We have an orphanage, feeding program and medical clinic that serves a poor ravine community in this area. Out of necessity, we have had to open two tent city areas to help the most vulnerable in our area (pregnant women, families with small children, and those with special needs). We are hoping you may have 20 Shelter Boxes or similar waterproof tents available to help out these desperate people. Is that possible? Thank you for all you are doing for the people of Haiti.

17/02/2010 13:42:00 - Pierre Fito 509 34039723, in Delmar 75, Puit-Blain st, Catrine-flon Camp, He has 3500 refugees without very much at all apparently, they need food, water, tents, medicine. This is a genuine need and i am wondering if you, could forward these details to the right person US Aid or similar who are making drops of supplies. I have been there and can verify this is a genuine request.

12/02/2010 - 10:11:00 - There's a French organization working through this hospital, it is called ALIMA and they work together with LA CHAINE DE L'ESPOIR. The hospital is called CLINIQUE LAMBERT, and is located at Rue Lambert no.75, PETION VILLE. They need approximately 200 small family tents. They will NOT just distribute them. Any patient that needs to leave the clinic and doesn't have a safe place to sleep in, they need get one. Especially if they have to return constantly to the clinic for care so they cannot go too far from PV
